# JOURNAGAN RANCH

Route 1 Box 85G  
Mountain Grove, Missouri 65711

Phone: 417-948-2669, (c) 417-838-1482

Welcome Fellow Breeders and Friends,

On behalf of our crew at Journagan Ranch of Missouri State University, we would like to invite you to be with us October 7, 2023. As we prepare for our 32nd sale and celebrate 43 years in the Hereford business, we want to say a "THANK YOU" for the support of our customers and friends.

Our goal has always been to provide the Best Hereford Genetics to the Beef Cattle Industry. We use all the available tools to provide documentation to enhance our genetics to be more predictable and profitable. Our cow herd is very maternal. They have been raised and bred on fescue for generations and are very adapted to our environment. We focus on the economic relevant traits like foot, structure, udder, teat, fleshing ability and most importantly Fertility. We feel carcass is a trait that the whole Beef business should be concerned about. We have been gathering carcass data for 23 years. We take that data and balance it with all the other traits to influence our genetics. Most importantly we listen to our customers' needs and concerns and value their input.

We are excited about the Quality of cattle in this year's offering. We look forward to your appraisal. We have top set of Cows that are tried and proven. The Heifer calves are very exciting and are the pinnacle of our program. The service age Bulls are the most complete we have ever offered. The young Bull prospects are the Best ever. All the bulls have been Genomic enhanced EPD's. The Bred heifers were selected from the heart of our replacements. Many Dams of Distinction and Sires of Distinction are represented and are anchored by generations of Journagan Genetics. We are honored to be recognized 11th on the American Hereford Associations list of Dams of Distinction for 2022.

I would like to Thank our Ranch crew; Russell Driskell, Eric Lueck, Eddie Massey and Chantz Reece for their hard work and dedication. I would also like to Thank the Howard brothers, Steve and Justin. Their willingness to be a part of the Sale preparation is very much appreciated. We would like to recognize the support of Dr. Adam McGee, Beef professor, and the many students that we have had the opportunity to work with. A Big THANKS to all of you.

Please note the 13<sup>th</sup> annual Journagan Ranch futurity will start at 6:00 pm on Friday evening. Please contact Adam McGee if you plan on participating in the Futurity, 580 798 7987. We will have hamburgers and all the fixings. Please plan to stay for the fun and fellowship. Our catalog and video will be available on our web site [www.journaganranch.com](http://www.journaganranch.com) along with sale updates. Feel free to call on us with your questions or if in need of assistance. We look forward to spending a beautiful weekend in the Ozarks with you.

Sincerely,

Marty Lueck

Journagan Ranch Manager

### 2023 Journagan Ranch Sale Cattle Junior Futurity

- Make plans to be with us Friday evening before the sale at 6 p.m.
- Juniors that purchased animals in the 2022 sale will be vying for almost \$5000 to spend towards the purchase of cattle in the 2023 sale.
- It will be a great time to socialize with other breeders, see how calves from last year matured out, and get an early look at the offering for the next day.
- Please feel free to give us a call if you have any questions about the futurity or for any other reason.
- We look forward to seeing you for a great fall weekend in the Ozarks with Hereford cattle.
- Futurity entries are due by Sept 25, 2023.
- Contact Adam McGee for more information 580-798-7987.

### Announcing 2024 Journagan Ranch Sale Cattle Junior Futurity

- Open to Juniors ages 7 thru 21 by Sept 25, 2024 who purchase any lot in the 2023 sale including calves born from cows purchased in the 2022 sale.
- The animal has to be purchased in the name of the junior and transferred to the junior at the time of purchase.
- Entries due by September 25, 2024
- At this time show will be held at Darr Agriculture Center at 6:00 p.m the evening prior to the sale
- Exhibitor must follow AHA fitting rules as stated in the official "Rules, Regulations and Bylaws" of the American Hereford Association.
- Heifers, Cow/calf and Bulls will show for an overall champion
- Each entry will receive \$250 in sale credit
- An overall Grand Champion and Reserve will be selected with prizes of \$1000 and \$500 of sale credit respectively.

#### SALE LOCATION

The sale will be held in the ballroom at the Bond building.

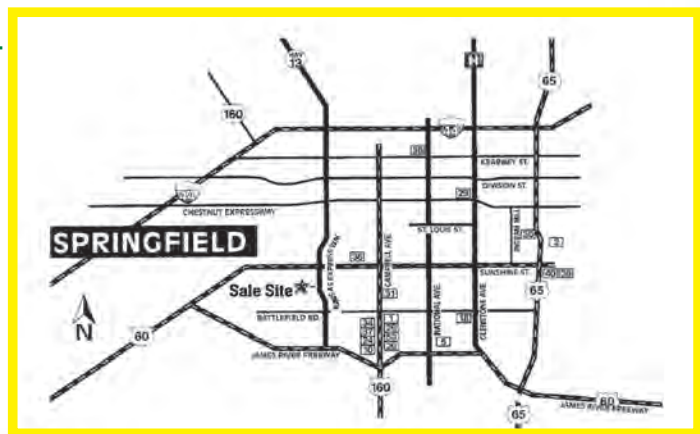

This is the brick building on your left as you enter the gate. This facility is environmentally controlled, handicap assessable and allows for social distancing. The cattle will still be displayed in the same place as usual at the west end of the property. We will have a shuttle that will run between the cattle display and the sale site. There is parking for cars at the Bond building.

Video will be used during the sale. We will have large LCD screens set up. When each sale lot is presented a video of that lot will be run and the auction will take place.

Dear Friends,

Welcome to "Genetically Yours 32nd Anniversary Sale". This years offering is exceptional from bulls to cows and heifer calves to bred heifers and fall calving cows.

This offering comes from as resilient a cowherd as you will find. Year after year Marty and his crew continue to bring a fantastic sale offering. A cowherd with great predictability.

The bulls this year have several outstanding purebred herd bull prospects both in the two year olds and the young bulls. Be sure to study them and I am sure you will find outcross genetics that will work for you. There will be several Dams of Distinction in the offering. The cows and heifer calves are exceptional and represent many years of Journagan Ranch genetics.

The bred heifers come from the top. You can go into the bred heifers and there are between 100 and 120 and they are all so uniform, it is hard to pick a bottom end. Again there is another group of crossbred bred heifers offered. All have been raised on the ranch and are backed up with many years of culling the commercial herd to get heifers of this quality.

The fall calving cows will again be a highlight. Most will have calves by AW Statesman 038H. His calves really excel in growth and he is a proven heifer bull.

Saturday, October 7 will give you the opportunity to purchase tried and proven genetics, developed on fescue in rugged Ozark hills of South Missouri. The Journagan Ranch program always ranks in the top herds with Dams of Distinction in the United States. This show the predictability of the genetics represented in the offering.

It is a pleasure for Linda and I to be a part of this 32nd sale. Marty has been a leader for many years in the Hereford breed and has been the implementor of the Journagan Ranch program. Many herds have used the genetics from the Journagan Ranch program to start or enhance their herds. This will be a power packed offering of Polled Hereford cattle. Be sure to make plans now to attend this exciting event.

We will again have the Junior Futurity with the cattle presented at the Darr Center on Friday evening prior to the sale. Followed by a hamburger cookout and social.

I invite each of you to be with us Saturday, October 7 at 11 a.m. for the 32nd annual sale. Should you desire assistance in any way, please feel free to give me a call.

Sincerely,

Jim

**All Range Ready Bulls will have a breeding soundness exam and a semen evaluation and will be tested for Trich 30 days prior to the sale. All bulls are virgin bulls. All have Genomic Enhanced EPD's.**
